Experience

Various Logistics Companies - Truck Driver

Jun 2020 - Apr 2025

- Monitored and logged driving data (mileage, fuel efficiency, delivery times) to optimize routes and ensure compliance.
- Analyzed traffic, weather, and routes to improve on-time deliveries by 10% through data-driven adjustments.
- Maintained FMCSA/ELD records, ensuring 100% regulatory reporting accuracy.
- Used fleet software (Geotab, Transflo), GPS, and Salesforce for real-time tracking and customer data.
- Solved logistical delays by prioritizing time-sensitive deliveries for Walmart and Amazon.
- Collaborated with dispatchers and warehouses to streamline communication.

The Creative Group - Front End Developer

Oct 2019 to Feb 2020 and Sep 2015 to Mar 2016

- Working for various clients as overflow staffing on web development projects, building out or maintaining webpages for the likes of G3 Creative, Jazel/10th Degree, and ETAP.

Newfront Insurance - Data Ops

Sep 2019 to Mar 2020

- Collaborated with cross-functional teams to optimize client intake workflows using data-driven insights.
- Conducted detailed data analysis to identify high-potential sales leads, contributing to organizational success.
- Streamlined insurance data transfer between applications, reducing errors and enhancing processing efficiency.

Progressive Insurance - Front End Developer

Mar 2016 to May 2019

- Developed data-rich marketing microsites (HTML5, JavaScript, D3) with embedded analytics to track user engagement.
- Collaborated with marketers to analyze campaign performance via Google Analytics and AdWords, refining SEO strategy.
- Led WordPress redesign of Progressive's lifestyle blog, improving load speed by 40% and monthly views by 25%.
-
